Holocaust Survivor Project

Use multiple authoritative print and digital resources to conduct a sustained research project to demonstrate understanding of the subject under investigation.

Assess the usefulness of sources and cite them to avoid plagiarism.

What is your Project?

1. Identify a Holocaust survivor from the approved sources. Provide their full name.
2. Gather information about the life of your subject.
3. Write a biography. Summarize the life of your subject. You must address
   - What did they experience during the Holocaust?
   - What happened to their family or other they knew?
   - What happened to them after the war?
4. Provide a picture of your subject.
5. Identify where your subject was from. Illustrate this on a map.
6. Identify where your subject moved during the war. Illustrate this on the map.
7. Your map must include a key.
8. Two questions you would like to ask your subject.

How do I do my Project?

Library / Media Center:

We will be spending four days in the Library. Mrs. Kruse will show you how to use the databases available. She has also provided a page with the links to all of the approved internet sources.

The databases and links to APPROVED internet sources as well as the books are the only sources you can use for your research. NO INTERNET SEARCHES!!

Mrs. Kruse also has a variety of books, fiction and non-fiction. These books are good to read to get an idea of what life was like for your source during this time period. You may need to do some background research to fully understand their experience and then report on it.
How will I be Graded?

Your grade for this assignment will be determined based on the following:
